

LITESTAGE

LITESTAGE Easystage is a system designed for the assembly of modular stages. The system is composed of a practical rising structure, light and foldable made in aluminium, and a deck panel with an aluminium frame. The Easystage system is designed as a professional and versatile solution for the setup of stages, platforms, catwalks and raised floors. Its features such as the max load and wide range of accessories make Easystage an excellent solution for installations and temporary events both in indoor and outdoor.

The technology developed for Easystage structures allow quick and flexible installation as well as high-stability combined with generous loading capacity (800kg/mq max). Elements can be stacked as the limited weight and volume of each part make transportation and storage simpler.

LTP2010

Deck panel in plywood for LITESTAGE systems, fire-proof and anti-skid, suitable for indoor and outdoor applications

- 12 mm marine plywood
- Resistant to weathering agents
- Aluminium panel frame
- Load capacity: 500 kg/m²

Code	Panel	Dimension (mm)	Weight (kg)
LTP1005	1x0.5m	1000x55x500	8
LTP1010	1x1m	1000x55x1000	14
LTP2010	2x1m	2000x55x1000	25

LTX2010

Deck panel in plexiglass for LITESTAGE systems, suitable for indoor and outdoor applications

- 12 mm plexiglass
- Resistant to weathering agents
- Aluminium panel frame
- Load capacity: 300 kg/m²
- Weight: 42.5 kg
- Dimensions (WxHxD): 2000x55x1000 mm

Code	Panel	Dimension (mm)
LTX1005	1x0.5m	1000x55x500
LTX1010	1x1m	1000x55x1000
LTX2010	2x1m	2000x55x1000

Aluminium supporting structure, reticular and foldable, for LITESTAGE systems

- Compatible with LTP2010 2x1 m LITESTAGE deck panels
- 15 anchor points with fast lock guide for riser-deck locking
- Different available heights: 20/40/60 cm
- Pivotable joints made of nylon
- Quick locking system for stacking of more structures

Code	Open structure (WxDxH)	Folded structure (WxDxH)	Weight
LTR1540	456x888x400 mm	77x128x574 mm	1.7 kg
LTR1560	456x888x600 mm	77x128x726 mm	2 kg

Code	Open structure (WxDxH)	Folded structure (WxDxH)	Weight

LTR21

Accessories (optional)

LTA164

Handrail assembly clamp for LITESTAGE system

LTA101

Pin accessory to couple for stacking reticular structures of LITESTAGE systems

LTA102

Fixing hook accessory to lock two joints for stacking of reticular structures of LITESTAGE systems

RSA124

Stage deck side clamp for ROADSTAGE and LITESTAGE systems

LTA114

Steel handrail for LITESTAGE modular systems

- Dimensions (WxHxD): 880x1190x42 mm
